

Best Poster Award

The 38th Naito Conference “Molecule-based biological systems”

The Best Poster Award was presented to Dr. Ali Ferjani (Associate Professor, Tokyo Gakugei University, Department of Biology) during the 38th Naito Conference, as a winning representative on behalf of his co-authors. The Naito Conference called for poster presentations that fit with the conference theme “Molecule-based biological systems”. 60 posters have been approved by the organizing committee to be presented at the 38th Naito Conference. Among the 60 presenters, 10 scientists were selected as the winners of the Best Poster Award, and received a grant-in-aid of 500,000 Japanese Yen. The awarding ceremony was held at CHÂTERAISÉ Gateaux Kingdom SAPPORO on October 10th, 2014.

Awarded poster: Ali Ferjani, Kensuke Kawade, Akira Oikawa, Mariko Asaoka, Kazuki Takahashi, Masanori Ishida, Masayoshi Maeshima, Masami Yokota Hirai, Kazuki Saito and Hirokazu Tsukaya: The metabolic target of pyrophosphate inhibition, the enigmatic molecule in plant metabolism, unraveled.
